

**\*\*\* TIER 2 REMINDER \*\*\***

**Notice: March 1, 2011 Deadline for Filing Tier 2 Reports for Calendar Year 2010**

**What is Tier 2 reporting under EPCRA?**

Under the Emergency Planning and Community Right-to-Know Act (EPCRA), facilities storing more than threshold amounts of pesticides on-site are required to submit reports on their pesticide inventories to state and local authorities. **The fact that you received this mailing means that you MUST complete the Tier 2 form,** to report storage or *no storage* of pesticides- see the other side of this page for details. You should determine whether the Tier 2 regulations are applicable to your facility.

**Tier 2 report thresholds:**

**Extremely Hazardous Substances (EHS)\* and all Other Hazardous Substances:** 100 lbs or the threshold planning quantity, whichever is lower.

\*You may obtain a list of EHS substances "List of Lists" on the VEM website or by contacting the EPA. The VEM Hazmat Compliance Tier 2 Website is <http://vem.vermont.gov/programs/epcra>

The complete Tier 2 reporting package for Calendar Year 2010 can be downloaded from the website listed above.
