	\$	50 – 80 %	
	\$	50 – 80 %	
	\$	50 – 80 %	

What is the 12-digit hydrologic code for your farm's location: _____.
(Agency of Agriculture will fill this in)

Expected construction dates: _____ to _____.

List potential Engineer and Contractor here with their contact numbers:

Are you having difficulties complying with the Accepted Agricultural Practice Regulations? The AAPs are Vermont's Agricultural Nonpoint Source Pollution Reduction Program that all Vermont farmers are to comply with to reduce water pollution. For example, if there is no place on your farm to winter stack manure or if you have difficulty with separating clean and dirty water. If so, please briefly describe those problems.
